Status Determinants:

Strengths are noted when EPP means exceed state comparison means for 2 of 3 years. Areas for improvement are noted when State means exceed EPP means for 2 of 3 years. If there are mixed results in a given criterion it is not noted as a strength or area of improvement.

**Actions needed as a result of these assessment results:**

The results suggest that overall candidates are as prepared or better prepared than Statewide peers in all areas of NELP and CAEP Advanced standards. Candidates in the Master's program did not perform as well for the 2022-23 academic year. It appears that one candidate pulled the scores down. Constructed responses continue to be the general challenge suggesting candidates need to do more written communication during the program.
